

The background is a solid black field. Overlaid on this are several thick, white, geometric lines. A large 'V' shape is formed by two lines originating from the top left and bottom left, meeting at a point near the center. Another 'V' shape is formed by two lines originating from the top right and bottom right, meeting at a point near the center. These two 'V' shapes are mirrored across a vertical axis. Additionally, there are several other white lines of varying lengths and orientations, some intersecting the main 'V' shapes, creating a complex, abstract pattern. The lines have a slightly textured appearance, suggesting they might be made of paper or fabric.

BOARD OF EDUCATION

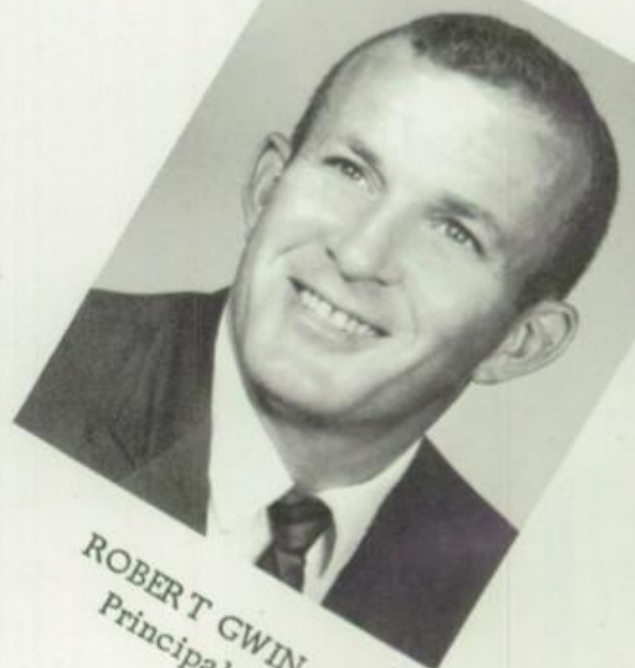

As we sail the Sea of Knowledge in search of the "Isle of Wisdom", many things befall the Captain and his mates. The roughness and calmness of the sea are weathered by the mates which is our Board of Education. Our memories of the eventful voyage will long be remembered.

CLASS PROPHECY

It was May of 1973, and as I sat at my desk in the Inquirer, the intercom buzzed. I rushed in to the editor's office and sat down. He said he was sending me on a special assignment. The market on H & D Hay had fallen 12 1/2 points in sixteen hours, and I was to investigate.

Grabbing my coat I ran downstairs and flagged a taxi. Once inside, I saw it was occupied, looking more closely I noticed a former classmate; Linda Ainslie. Linda told me she was on her way to Ilbewild Aeroport, and to command performance later that evening for the King and Queen of Lower Slobovia. What a shock when I heard that the King was none other than Jerry Bogner. While on a pleasure cruise he had met and married the heiress to the throne. That's Bogey!!

Entering the terminal, I was struck down by a bevy of beautiful, squealing girls. A whistle sounded, and they departed as quickly as they had come. A young woman strode up to me and told me "we girls" had been chasing a young man. I then recognized her to be Wyvonnice Hall, and, as we helped the young man to a chair, she told me she was teaching physical education at Vassar, and enjoying every minute of it. (It seems they play a coed game of Volleyball every month with Yale.) The young man stood up and thanked us for assisting him. Upon hearing his voice, we both knew it must be Paul "Babe" Derrington, the singing idol of the century. He said he was on his way to Philadelphia to receive another Gold Record. Since it was time for our planes to leave, we departed, promising to keep in touch with one another.

Arriving in Des Moines, a couple hours later, a limousine was waiting at the airport to pick me up. I, at once, recognized Dick O'Donnell, the official chauffeur to the President. As we rode to the State House, we talked over old times. I was escorted to the dining room where the dinner guests were making a toast to the President and his wife. Looking twice at the First Lady, I saw my classmate, the former Pat Todd. The executive and his wife had been on a tour in the middle west and were giving this farewell party for Marlene Zieber, the famous violinist and soprano. She was leaving for a tour of Russia, as a cultural exchange.

Renting a car from Sears Auto Rama, owned, incidently, by that tycoon of the business world. Leslie Sears, (we, in the newspaper business, call him Rockerfellow), I set out for the H & D Hay Corporation. The owners turned out to be Clair Hackenburg and Gary Davenport. We enjoyed reminiscing, and, later talked over the decrease in the stock of their company. Clair said they were going to set up a training center for the W.A.F.'s, and the commander to the denter was to be Janet Hill. She was a General, directly under the control of the President.

Driving back into town, I passed a theater, and noticed they were playing The Son of The Sheik. Entering, I watched the screen very intently, and, when The Son of The Sheik appeared, nearly fainted. I had heard of Richmond Valentino, but I never thought it could be Mike Richmond, a classmate of mine.

Leaving the theater I noticed a large group gathering at the street corner. Once there I recognized the orater to be none other than Joe Frailey. I listened to his plea for the public to make Pumpkin Throwing an Olympic Game and put some money in the hat being passed around by Tom Heal. They told me they made quite a bit of money that way.

Walking on I came to Wright's Restaurant. Entering, the manager showed me to a table personally, and sat down to chat. He was my old schoolmate, Loren Wright. He said he had made thousands of dollars in the restaurant business.

CLASS WILL

Article I

We, the graduating class of 1963, being of clear minds and strong bodies, do leave to the able bodied students the echo of all those discussions that took place in home room, and to next year's seniors we leave the pleasure of spying on the juniors to see if they can find out what the theme of the prom is.

To the competent teachers we leave the familiar task of trying to get and hold the attention of the seniors for the 180 days of school.

WILL & PROPHECY

Later, flying back to New York, I noticed Linda Rife and Ruth Hansen on my plane. As we three talked, they told me they had met at the airport and were just discussing old times. Linda said she had married soon after graduation from college, and that she and her husband had gone into the fur business. I guess it was very profitable, as Linda commutes to New York every season for her wardrobe. Ruth is very active in club work, especially that of Women College Professors. She said she had been around the world twice, and was on her third trip as a lecturer. After we landed we decided to see a fashion show at The Fashion Shoppe. We were busy admiring the beautiful gowns when a familiar looking woman came to the table and introduced herself as Carole Cullen. She had been a model for a while, but said she found designing more interesting and profitable.

Leaving the Fashion Shoppe we went our different ways, and I decided it was about time for me to see a football game. I arrived at the stadium just in time to see the kickoff. Reading the program I noticed a few of my classmates' names. At half time I just had to go down and talk to the famous coach of the Yale Bulldogs; Susie Dreitzler. She told me that being the first female coach in the history of the school was a great privilege and honor, though the toughest games they had to play were the games against Vassar. (?)

Walking out of the locker room I bumped into Linda Johnson, Dean of Yale University, who always gave a pep talk at the half. Linda said they elected her Dean the same time they elected Susie head coach. I guess they wanted a change.

Returning to my seat I bought an Extra edition to the Inquirer. Glancing at the headline I noticed that a medical team had found a cure for cancer. One of the researchers, Kay Kleinoeder, was a graduate of York in 1963. Reading on, I discovered Jim Meyer had been named Ambassador at large for the United States. If Jim couldn't talk us out of a crisis, nobody could!

Sharing the headlines was a notice of the dedication of the world's largest building--- a super structure. The architect was, of all people, Bud Hayward. Now who would have thought.....! The super structure was to be dedicated by the very famous Doctor of Theology, Ron Benfer. It was a complete seminary, and Ron had recently been appointed Dean.

Looking at my watch I saw that I could just about make it if I hurried. A story was breaking and I, Randee Mygrant, reporter, had to run.

CLASS HISTORY

In September, 1959, 36 green Freshmen entered the halls of York High School. The four years ahead looked like a long, tough road. Leading the class was Bud Hayward and second in line was Carole Cullen. Linda Rife was taking notes while Ron Benfer counted the "green stuff." Our legal advisor, Randee Mygrant, checked our activities through the Student Council Channels. The general overseers were Mrs. Zimmerman and Mrs. Rothacker.

Next September 30 Sophomores entered home room no. 26. This year we felt that we were a little more experienced. Rapping the gavel was Bud Hayward with Ron Benfer ready to take over in an emergency. The pencil pushing job was given to Sue Dreitzler. Kay Kleinoeder had the job of juggling the books. Linda Ainslie was our lobbyist of the Student Council. Behind the desk was the cheerful Mrs. Zanger.

The next year 27 Juniors walked into their room no. 23. This year was filled with many exciting events. After long, tiresome hours of work on our float, we managed to win first place in the Halloween Parade in Clyde. We were really thrilled when we received our long awaited class rings. Our biggest money making project was selling candy. We also had a turkey raffle in December. Then in April, after many tedious but enjoyable rehearsals, the curtain fell on "You Can't Take It With You" under the direction of Miss Aigler. In May we really began to work to make our Prom, "Isle of Paradise," a success. Prodding us along was Dick O'Donnell with Joe Frailey on his heels. Our faithful accountant, Kay Kleinoeder, was still fighting to keep ahead of our bills, with Wyvonnice Hall ready to give an assist. Our able-bodied secretary was Pat Todd. Bud Hayward and Sue Dreitzler made us known in Student Council. Our steward was Mr. Karnes.

This year we 26 Seniors feel that we have reached a new height of Sophistication. At the helm is Bud Hayward with assistance from Ron Benfer and supervision from Mr. Counselman. Our secretary of the year is Carol Cullen. For some unknown reason our treasurer is still Kay Kleinoeder. Joe Frailey and Linda Rife see to it that our demands are made known in the Student Council. The first of our activities will be our fall scrap drive, followed by one next spring. Then will come our Sr. pictures, Sr. Play, graduation invitations, Sr. trip to Washington and New York, and the Prom. Then comes GRADUATION. As we march to the platform, we realize that the long awaited time has come. But it will be with sadness that we leave the halls of York High School.

NATIONAL HONOR SOCIETY

York High School became a member of the National Honor Society in 1936. It is an organization that is nationwide and being elected to membership in this society is the highest honor that any High School can bestow upon a student.

The members are elected for outstanding qualities in Scholarship, Character, Leadership, and Service.

The candidates must have a scholarship mark of rank in the upper third of their class. From this upper third, not more than fifteen percent can be elected to membership by the High School Faculty.

It is now the custom in the county to induct 10% of the Junior class in the National Honor Society each year.
